

KEATON TO SPEAK AT FLAG DEDICATION ON JULY 4TH

LIBRARY BOARD TO CONSIDER PETITIONS

Full Consideration of Request for Retention of Mrs. Coffinberry Is Promised

Full consideration will be given to petitions circulated on behalf of Mrs. Coffinberry, seeking her retention in the position of city librarian, at the next regular meeting of the Library Board on Monday afternoon, July 7, at 2 p. m., according to John Davis, chairman of the board.

That the policies of the city administration were carried out in the action of the board in dismissing Mrs. Coffinberry and appointing a new librarian, was the statement of the chairman of the board. He declared that full and complete consideration of the wishes of taxpayers, citizens and patrons of the library who have signed the petitions circulated since announcement of the change was made, will be given by the board.

The change in library personnel became effective on Tuesday at the afternoon session of the library, when Mrs. Caroline Coffinberry turned over her keys to the newly appointed librarian, Mrs. Pache.

The petitions are still in circulation and probably will not be presented before the library board convenes on Monday.

PLAN CAMPAIGN TO REMOVE ALL PENINSULA SIGNS

Plans for the elimination of road signs from Sunnyside to San Francisco are being prepared by the highway beautification committee of the Peninsula Chambers of Commerce, Federated, according to the report of that body recently filed.

According to the report as prepared by Chairman R. W. Smith, of Palo Alto, a survey is to be made of the billboard situation to ascertain the number and kind of road signs as well as the leaser and users.

The committee report indicates that a campaign looking toward elimination of billboards is ready to be swung into action when the facts in the case have been learned.

The report follows: Peninsula Chamber of Commerce, Federated.

Gentlemen: Your committee on highway beautification met Monday evening, June 23, at 8 p. m., in the chamber of commerce office at Palo Alto. At this meeting the following report was adopted for submission to the Peninsula Chamber of Commerce, Federated, at their meeting, Tuesday, June 24.

The committee was of the unanimous belief that the first and most important step to be taken toward highway beautification was the elimination on present highways and prevention on future highways of bill boards. With this idea in mind the committee laid plans for a complete survey covering the bill board situation on the highway from Sunnyside to San Francisco. This survey to include, not only the number and type of signs but the leaser and users as well. With the completion of this survey, the committee has plans which they believe will result in the removal of a large number of the bill boards.

The committee also discussed plans for positive and constructive beautification of the highways, those in existence, under construction, and contemplated. These plans are to be worked out in more detail at the next meeting of the committee.

Your committee fully appreciates the magnitude of the task assigned to it, but has high hopes of being able to achieve real results. It is the intention of this committee to secure the advice and support of as many people as possible who are interested in this improvement. With this in mind, we would be extremely grateful for any help or suggestions from this body, especially as we recognize that our policy and work must follow your wishes and meet with your approval.

Respectfully submitted, Chairman Highway Beautification Committee of the Peninsula Chamber of Commerce, Federated.

A road map showing the location of the San Mateo County Memorial Park will be found on page 4 of this issue.

PIONEER RESIDENT ANSWERED DEATH'S CALL ON MONDAY

Hosts of Sorrowing Friends Pay Last Tribute to William J. Hyland

William J. Hyland, a resident of this city for the past 27 years, answered death's summons at 5 o'clock Monday morning in his home at 417 Linden avenue, following an illness of four years.

Mr. Hyland came to this country from County Limerick, Ireland, 36 years ago and to this city 27 years ago to take employment with the Western Meat Company. It was here he raised his family of two daughters and four sons, who, with the widow, survive him.

Four years ago he suffered a paralytic stroke and his death came as a result of that. He is survived by his wife, Mrs. Bridget Hyland; two daughters, Mrs. Elizabeth Ottenfield and Mrs. Ellen Miller, and four sons, William J., Dan J., Martin M., and Henry G. Hyland, all residents of this city. He also leaves four brothers and one sister in New Hampshire.

Hundreds of his friends paid last homage to him at his residence, where the body was laid from Monday and Tuesday, and at the funeral services held in All Souls' Church Wednesday morning at 8:30. Interment was made in Holy Cross Cemetery.

POULOS TO OPEN NEW RESTAURANT

Opening of a newly equipped and modern restaurant is announced by Louis Poulos, pioneer restaurateur of this city and proprietor of the Star Restaurant on Grand avenue.

Poulos will move his place of business across the street to 243 Grand avenue as soon as his new quarters are finished. Workmen have been engaged for the past two weeks in remodeling the Bannerman building for the new restaurant.

Improvements include the installation of plate glass windows and a tile front, seven booths for the accommodation of lady patrons, complete new range and kitchen equipment, new tables and chairs throughout and a new lunch counter. All of the fixtures will be specially fitted to the new quarters.

Poulos plans to install fountains in the windows, where he will keep his shell-foam and fish for display purposes. As the place is arranged the walls of the booths may be removed to provide space for special liquors. A new electric sign advertises the business on the street front.

SKYLINE ROAD TO BE SURFACED SIX MORE MILES

The grading and surfacing of the Skyline boulevard in San Mateo county has been extended six miles by the California Highway Commission. The additional unit of the boulevard will be improved at a cost of \$315,000.

The road now is virtually completed as far as its connection with Kings Mountain road. The additional six miles, it was pointed out by Harvey M. Toy, chairman of the commission, will open up the boulevard to travel as far as the La Honda road, one of the paved cross roads of San Mateo county connecting with the Peninsula highway. It will thus be possible to motor over completed units of the boulevard without returning by the same route.

Plans are being prepared for remaining sections of the Skyline route, Toy said, and bids will be called for in the near future, as it is the desire of the commission to have all uncompleted units under contract as soon as possible. On sections now opened to travel, calcium chloride is being applied to eliminate dust and cut down the cost of sprinkling. Experiments with other similar compounds for the same purpose are under way.

BUILDING IN JUNE EXCEEDS TOTAL FOR MAY

Permits Issued for Construction to Cost \$31,260, Including \$15,000 Block

Building during the month of June surpassed the May record of \$27,750 by almost \$4,000, reaching a total of \$31,260, according to the permits issued by Building Inspector Edgar H. Lewis.

The largest permit was granted to R. C. Stickle, contractor, for the creation of a business block on Grand avenue for Kaufman Brothers to be used by the Chevrolet agency for its salesrooms, storage and repair departments. The building is estimated to cost \$15,000. Most of the other permits were for dwellings in the \$3,000 and \$4,000 class and a number of garages.

The list of permits issued follows:

Giuseppe Fiorentini, two-room dwelling on Maple avenue near Aspen, to cost \$1,000. Emilio Borghesi, four-room dwelling on lot 6, grand avenue extension, at a cost of \$3,000. Louis Poulos, improvements and new front on Bannerman store at 243 Grand avenue, at a cost of \$700.

J. Ginier, garage building on Linden between California and Pine, to cost \$60.

Paul Sventosio, additional room and porch on dwelling at 351 Baden, to cost \$350.

Joe Quaresimo, garage on Miller avenue between Spruce and Linden, at a cost of \$150.

W. H. Dinning, garage on Baden avenue between Eucalyptus and Chestnut, at a cost of \$250.

Giuseppe Brusco, six-room dwelling on lot 6, grand avenue extension, to cost \$3,000.

G. C. Weller, sun porch on dwelling at the corner of Spruce and Baden avenues, to cost \$150.

A. Georgi, addition to residence at 312 Baden avenue, to cost \$450.

Mike Verna, five-room dwelling on lot 14 block 8, to cost \$3,000.

Giovanni Casagrande, five-room dwelling on lot 6 block 3, to cost \$4,000.

R. J. Bisagno, garage on lot 8 block 7, at a cost of \$150.

R. C. Stickle, for Kaufman Brothers, business block to cost \$15,000.

MIRK-SNEATH WEDDING HELD IN SAN MATEO

On Monday afternoon at 4 o'clock the marriage of Miss Margaret Mirk and Lee James Sneath was solemnized in St. Matthews Episcopal Church in San Mateo.

The church was beautifully decorated with gladioli and greens for the ceremony, which was simple, because of a recent bereavement in the family of the bride.

Miss Mirk is the daughter of the late Mr. and Mrs. Thomas Mirk. Her father before his death was in business in San Francisco. She is well known in San Mateo and Palo Alto, where she attended Stanford University. Mr. Sneath is the son of Mr. and Mrs. George Sneath of San Bruno, and a graduate of the local schools.

The bridal couple were attended by Miss Lucy Mirk, sister of the bride, and Frank Sneath, brother of the groom. Following the wedding a reception for intimate friends of the couple was held in the home of the bride on Poplar avenue, San Mateo Park.

Those who attended from this city were Mr. and Mrs. W. J. Martin, Mr. and Mrs. J. O. Snyder, Mrs. Ambrose McSweeney.

Mr. and Mrs. Sneath will make their home in San Mateo, where the groom has had built a beautiful home.

TWIN SONS BORN TO FORMER RESIDENT

Word has been received here of the arrival in the household of Mr. and Mrs. Rudolph Dieden of 545 Buchoe avenue, San Francisco, of twin sons on June 12.

LOCAL GIRL ATHLETES TIE FOR VICTORY

South San Francisco Track and Field Team Divides Honors With Vallejo

Girl athletes of South San Francisco tied with the Vallejo Play-ground Association with 17 points each for first place in the first annual girls' Northern California track and field championships staged under the auspices of The Examiner in Golden Gate Park stadium last Sunday.

Five organizations were represented besides a number of girls who competed unattached, making the total of competitors reach 57.

The girls who won honors for South San Francisco in the events staged were Inez Rustice, third in 50-yard dash; Inez Rustice, second in 100-yard dash, and Hanna O'Neill, third in same event; Hanna O'Neill, third in shot-put (8 pounds); Helen O'Neill, second in broad jump; Vella Ledwith, third in baseball throw; relay team, third in 220-yard relay.

They were coached by Miss Rue Clifford and Mrs. Bernice Farrell.

SAMWELL HITS COUNTY'S LAW ON EXPLOSIVES

Appeals to federal and supreme courts for writs and injunctions designed to check municipal and county officials of San Mateo county in the enforcement of the law appeared today to be bidding fair to become a popular pastime. Following close on the heels of George T. White, Atherton resident who procured a temporary writ of habeas corpus from the State Supreme Court last week after town officials of Atherton had caused his arrest for alleged violation of the Atherton zoning ordinance, George F. Samwell, head of the San Francisco Fireworks Co. of Colma, this morning appealed to the United States Federal Court in San Francisco, seeking an injunction to restrain Sheriff T. C. McGovern or other officers of the law from interfering with the conduct of his business at Colma.

Samwell is one of those whose places was "raided" in the campaign last week against "fireworks bootleggers" in this county. After having promised to cease sales, Samwell is said to have reopened after the sheriff left, with the result that McGovern ordered his arrest Saturday.

The sheriff was yesterday served with an official subpoena to appear in federal court in San Francisco this morning to show cause why he should not be permanently restrained from the sale of fireworks and other explosives.

Samwell has based his appeal for an injunction on the ground that the sheriff has interfered with his right to do a lawful business in a trade not banned by law.

While no word had been received here early this afternoon relative to the result of the proceedings, it was intimated this morning that the right to do an "export" business in fireworks might be granted Samwell. It was not believed, however, that he would be given the right to sell fireworks or firecrackers in San Mateo county or for use in San Francisco city and county.

Sheriff McGovern today issued a particular warning to all people planning to attend the Fourth of July dedication ceremonies at the new county Memorial Park, to leave every form of fireworks, firecrackers or other explosives at home. He declared that the fire menace is such that the most extreme precaution is necessary, and that any attempt at exploding or otherwise setting off fireworks at the park festivities Friday will be the signal for immediate arrest for offenders. This same warning holds good in other parts of the county, McGovern said.

FLOYD JOHNSON TO BOX JACK RENAULT

Floyd Johnson, the big fellow who was born in Iowa and who received his pugilistic education in South San Francisco, San Mateo, and other peninsula and bay district towns, and who took an unsuccessful climb to the heavy-weight championship ladder, has been matched for a 15-round bout with Jack Renault in the Queensboro stadium near New York on July 7.

HEAD OF FULLER PAINT CO. PASSES

I. F. Littlefield Answers Death's Summons While Asleep After Normal Day

After putting in a busy day at his desk and a quiet evening in his home circle, I. F. Littlefield, president of the W. P. Fuller Paint Company, passed quietly from this life while asleep Tuesday night or early Wednesday morning, in his apartments at 1369 Hyde street.

Apparently in the best of health and spirits Mr. Littlefield followed his usual daily routine of work and retired in his usual fashion. That he had passed away during the night was disclosed Wednesday morning.

The deceased was about 71 years of age and had been the executive head of the W. P. Fuller Company for the past 25 years. He was widely known and respected in commercial circles throughout the state and the nation.

He is survived by his wife and one son. Funeral arrangements have not yet been announced.

PERKINS WINS MOTORCYCLE RACE OVER HILL 57

"Dad" Perkins of San Francisco mounted on a Harley-Davidson motorcycle, shattered his former record for the climb over Hill 57 on the Bay Shore road Sunday afternoon in the final event of the day by the program arranged by the Golden Gate Motorcycle club and sponsored by the Illustrated Daily Herald, before a gathering of approximately 4,000 enthusiastic spectators. Perkins and W. A. Matson, the two fastest riders left after the preceding elimination events, were pitted against each other in the closing classic, and Perkins in a thrilling finish captured the Illustrated Daily Herald cup, awarded the winner. His time for the difficult climb of 60 feet was 15.45 seconds.

Matson went into the lead at the start and maintained it about half way up the hill. Perkins overtook him at the three-quarter mark and only cool generalship by both riders at this juncture prevented a serious accident. In closing in, the handbrakes of both machines became locked and they rode at least 20 feet as a combined team. Perkins finally broke away when Matson's machine covered the remainder of the distance all by himself without opposition.

The large crowd began arriving early and many brought their lunches and made the occasion a picnic affair. Close to a thousand automobiles jammed practically every square inch of parking space and the late comers were forced to congregate on the highway.

THREE PAY FINES FOR DRUNKENNESS

Three men paid \$10 each for being drunk and disorderly and in malicious mischief, in the city recorder's court at the Wednesday session. The men were taken into custody by Chief of Police Louis Belloni and booked on the above charges. They furnished bail in the amount of \$10 each, which was the amount of their fines. They were Tom Combest, employed by the Pacific Gas and Electric Company, W. H. Mittel, 249 Grand avenue, and J. McCulloch, also of the Pacific Gas and Electric Company.

T. M. Welzin of 154 Sutter street paid \$10 for passing a car at an intersection.

YOUTH IS INJURED UNDER AUTOMOBILE

Tony Lamuth, a youth living at 237 Pine avenue, was painfully injured when playing about the automobile belonging to Sam Guterman, local junk dealer, last Friday, it was reported.

The driver, not knowing of the boy's presence, started his car. The boy fell between the wheels and one wheel passed over and broke his right leg. He was taken to the local hospital where the damaged member was set. He is reported making progress.

Demurrer Filed For Dr. Decker In Teeth Case

Attorney J. D. Willard, acting for Dr. C. M. Decker, made defendant in a suit brought in the justice court by Mrs. Josephine Mirata for the recovery of a set of artificial teeth valued at \$122 and damages for \$150, has filed a demurrer.

Hearing on the demurrer will be set for the middle of the month upon the common consent of the attorneys in the case. Mrs. Mirata is represented by Angelo Scampini.

MRS. KLEEMEYER CALLED BY DEATH

Funeral of Wife of Grammar School Principal Held in San Jose Yesterday

Following an illness of two years' duration Mrs. Ruth Rix Kleemeyer, wife of Albert C. Kleemeyer, principal of the South San Francisco grammar school, passed away in the home of her mother, Mrs. Jennie M. Rix, in San Jose on Monday afternoon.

Mrs. Kleemeyer came to South San Francisco with her husband eight years ago to make her home. While a resident of this city she was active in civic and fraternal affairs and was a past matron of the Ruth Chapter, Order of Eastern Star.

She leaves to mourn her death her husband, Albert C. Kleemeyer; her mother, Mrs. Jennie M. Rix; her grandmother, Mrs. Mark Seeley, and two brothers, Calvin and Paul Rix.

Funeral services were conducted by Ruth Chapter, Order of Eastern Star, from the funeral parlors of Curry Gripestrand Company in San Jose on Wednesday afternoon at 2 o'clock.

MEMORIAL PARK ALMOST READY, VISITORS SAY

Several South City People Visited New Memorial to Soldier Dead Sunday

Three parties from this city, including members of Bernard McCaffrey Post No. 85, American Legion, spent last Sunday in San Mateo County Memorial Park, which is being prepared for dedication on July 4.

They report the road is vastly improved and will be in fine condition for the 4th. Several road gangs have been at work for a week and will continue through today, when it is expected their task will be finished.

Work on the speakers' platform has been finished and local Legionnaires aided in the construction of a dancing platform on Sunday. The power plant for the park is also being installed.

A number of legion members from various parts of the county were present to aid in the work. Barbecued meat was served the workers at noon.

Those who went from here were: Supervisor and Mrs. Thomas Hickey, D. L. Artis and F. C. Thomas, Mr. and Mrs. W. J. Hyland, Ben J. Herpe and Miss Margaret Thomas.

EASTERN STAR PAYS VISIT TO SUNNYVALE

Thirteen members of the Eastern Star visited the Sunnyvale chapter last Thursday evening and participated in the whist party given by that lodge.

Honors were won by three of the visitors from here, Miss Mary Kauffman taking first, Mrs. Hertha Knoch, second, and Mrs. W. C. Schneider third.

Those who went from here were: Mr. and Mrs. Chas. Schurck, Al Kauffman, Mary Kauffman, Mrs. Hertha Knoch, Miss Florence Robinson, Jack Riordan, Mrs. W. C. Schneider, Waldo Waely, Miss Julie Jenevein, Mrs. Cunningham, Mr. and Mrs. Learmouth.

ENJOY BEACH PARTY
A number of young people of this city enjoyed a beach party on the peninsula at the end of Butler road on Friday evening last. They were: Misses Melzina Lessard, Sarah May Oak, Althea Spangler, Elizabeth Coffinberry, Florence Lewinson, and Messrs. Robert Scott, Tom Oak, Martin Grimes, Raymond Spangler, Ralph Hickman and George Lundberg.

CITY WILL CELEBRATE INDEPENDENCE DAY BY DEDICATING NEW FLAG

Program to Start at 9:30 Sharp; Will Be Short to Enable Crowd to Go To Memorial Park Dedication

Morgan Keaton, state adjutant of the American Legion, will make the principal speech at the flag dedication ceremony which is slated for 9:30 o'clock sharp tomorrow morning in front of the city hall.

Keaton was secured by Bernard McCaffrey Post No. 85, American Legion, to make the principal address. He will also be the orator at the dedication of Memorial Park at Pescadero in the afternoon. He replaces State Commander James R. Collins, who has suffered a serious breakdown in health and will withdraw from all activities until the state convention of the Legion to be held in Santa Cruz in August.

Out of deference to the county celebration at Memorial Park the ceremonies contingent with the dedication of the new flag by the city will be exceedingly simple and short.

It is planned to start promptly at 9:30 and to form an automobile procession immediately after the dedication to accompany Morgan Keaton to Memorial Park to participate in its dedication.

The program for the flag raising and dedication as outlined by the committee in charge, consisting of John F. Davis, E. E. Cunningham and Ed. Farrell, is as follows: "Star Spangled Banner." Prayer—Father James Moran. Dedication of the Flag—Morgan Keaton, State Adjutant of the American Legion.

Then solo—J. G. Walker. Benediction—The Rev. Asa P. Beall.

A color guard of the American Legion will assist in the flag raising ceremony.

20 CASES OF WHISKY MAKE UP BIG HAUL

Too much speed, plus an officer's "nose for booze," shortly before noon Wednesday, resulted in arrest here by Police Officer Elgin Kreiss of H. L. Thompson, 22, of 676 Geary street, San Francisco, on a charge of rum running.

Facing accusations under the Wright Act, Thompson's difficulties were added to when a loaded automatic revolver, .38 caliber, was taken from the side pocket of his car by Officer Kreiss.

Arrest of young Thompson occurred after Kreiss had given chase along El Camino Real from Five Points to near the north city limits, the officer having pursued him as a speeder.

Stopping Thompson to cite him for appearance in traffic court here, Kreiss was attracted by the smell of liquor from broken bottles in the tonneau of the touring car being driven by the youth. Investigation revealed 20 cases of Scotch whisky, and a further search by Kreiss revealed the loaded automatic.

Taken to the county jail, Thompson declared he was transporting the liquor to San Francisco from Mountain View. He refused to state to whom, however. He denied knowledge of the presence of the revolver in his automobile, stating that "it must have been put there by somebody else."

The youth urged that his bail be set quickly, declaring that he could "get it in no time." Judge Albert Mansfield is to set bail at arraignment of the San Franciscan this afternoon. Two charges of violation of the Wright Act, possession and transportation, will be lodged against Thompson.

GIRL ATHLETES WILL ORGANIZE

Organization of a woman's athletic association in South San Francisco will be discussed at a meeting of girls and young women interested in athletics to be held in the home of Miss Bernice Farrell, 338 Commercial avenue, at 7:30 o'clock next Thursday evening.

Plans and policies for the future of woman's athletics here will be discussed following formation of an organization.

The recent track meet in San Francisco in which the girls of this city tied for first place has given an impetus to the movement. It is planned, with a better organization among the local girls, to work for a better showing in next year's meet.

CONDUCTS QUARTERLY M. E. CHURCH MEET

Dr. George W. White, superintendent of the San Francisco District of the Methodist Episcopal Church, conducted the quarterly conference in St. Paul's Methodist church on last Saturday evening.

Plans for the proposed new church edifice were approved during the course of the meeting.

ENTERTAINS AT LUNCHEON PARTY

Mrs. L. G. Hardy entertained at a luncheon Thursday in honor of her sister-in-law, Miss Georgia Hardy of Salt Lake, who is visiting her. The guests were: Mrs. Reginald McKarg of Oakland, Mrs. M. Jenkinson of San Francisco, Mrs. Fred Jacobson of San Francisco, Mrs. Waldo Waely, Mrs. Carleton Vogelsang of San Francisco, and Mrs. Joseph Simpson of San Francisco.

INDUSTRIAL ZONE NEWS

Enterprise Twilight League To Open Wednesday

WESTERN PIPE TO PLAY MAYROSE BUTTERS IN FIRST LEAGUE CONTEST

Four Teams Are Signed for Play in First Week of the Season; Field Is Still Open and Four More Plants Are Expected to Enter This Week

The Enterprise Twilight Baseball League will be launched next Wednesday, July 3, at 5 o'clock, when the nine of the Western Pipe and Steel Company and the Western Meat's Mayrose Butters hook up in the opening contest on the baseball diamond opposite the Western Pipe and Steel Company plant on San Bruno road.

Four plants were represented in the organization meeting held in the Enterprise office on Tuesday evening. Four respective managers signed the constitution of the league, printed elsewhere in these columns, and those same four managers agreed to line up their teams for contests next week. The schedule as adopted for the opening week of the season follows:

Western Pipe and Steel vs. Western Meat Company (Mayrose Butters), Wednesday afternoon, Western Pipe and Steel field, at 5 p. m.

Metal & Themit vs. Enterprise Foundry, Thursday afternoon, same diamond, 5 o'clock.

Eight representatives of firms belonging to the Manufacturers' Association in South San Francisco were present and they voiced their enthusiasm over the prospect of a baseball league to settle the diamond supremacy of the industrial zone. Those representatives were: J. Welte, Dick Boller and Al Tognetti, of the Western Meat Company; W. T. Butts, Metal & Themit; George McMillan, Enterprise Foundry; W. F. Vargus, Western Pipe and Steel Company; and Ray Taylor, South San Francisco Land and Improvement Company.

Welte, Butts, Vargus and McMillan signed on the dotted line and automatically became directors in the league and managers of their respective teams, and THE FIELD IS STILL OPEN.

It was reported by the representatives present that several other plants are organizing and will have teams in the field for the second week of play. Instead of four teams a league composed of eight teams is desired. Play will last over a period of two months or more. Trophy cups, medals and other prizes will be awarded to the winning team, the champion batsman, the leading base stealer and other stars of the league.

And the beauty of the whole situation is that every plant has an excellent chance of cleaning up

VIRDEN TO ENTER TEAM IN TWILIGHT BASEBALL LEAGUE

"You can tell the world we'll enter a team in the Enterprise Twilight League, too," Fred C. Schmidt of the Virden Packing Plant told the Enterprise yesterday when he had heard that the new organization would get under way next Wednesday.

"We'll rake together nine men that should give the best of the teams a battle, and you can bet us for a game next week, too," he added.

The addition of the Virden team to the circuit makes five plants which will contest for honors in the Industrial Zone. Before the first game is played it is predicted that eight teams will have signed the roster.

MANAGERS ADOPT RULES FOR ENTERPRISE LEAGUE

Constitution of the Enterprise Twilight Baseball League, adopted at a meeting held Tuesday, July 1, 1924.

Article I—Name
This organization shall be known as the Enterprise Twilight Baseball League.

ENTERPRISE FOUNDRY NOTES

Charles Hoehn, the general manager, after three Saturdays of strenuous labor, has completed his camp at Mesa Grande, above Monte Rio, on the Russian river, and he will spend the 4th of July holidays there.

Dan Garle, the Lake county rancher, was favored with a large crop of grasshoppers, it is reported. They are said to have stripped his ranch of fruit except three cherry trees. So he has contrived a hopper to hop the grasshoppers to feed his young turkeys with during the remainder of the season. He has Mr. Brosiere working on the drawings and blue prints for the hoppers and is already figuring 20 sacks a day to store for feed purposes.

Miss Leona Farrell, daughter of Judge Ed. Farrell, has taken a position with the W. P. Fuller Company. She is employed in the main office at the plant.

Frank Lowry, foreman of the stacks, has just returned from two weeks' vacation spent in Yosemite National Park.

Cherry Byrne is taking a vacation of a week in Santa Cruz.

Harry Gardener, who stencils cases in the plant, is spending a vacation of two weeks. Harry has declared he will explore the willows of South San Francisco, and while his fellow workers don't know what he is prospecting for they wish him success.

Charles Tassman will leave for his vacation soon. He will spend it in Sebastopol, Sonoma county.

Henry Castro, brother of Mrs. Les Howard, is expected to arrive in San Francisco aboard the transport Thomas this week. He has been stationed in the Philippines for the past two years. Castro is in the aviation corps.

SEVERAL VIRDEN EMPLOYEES LEAVE ON VACATION TRIPS

(By Fred C. Schmidt)
Joe Bildhauer resigned Saturday to take his place on the police force of the city of South San Francisco. P. Spohn has taken his position as foreman of the casing department.

Chef Larsen has departed for a two weeks' stay at Dillon's Beach in Marin county.

Albert Kirk of San Bruno is with us again in the role of office boy.

Ray Tylleson has purchased a new Kissel Kar Sedan.

Clyde Shaver returned to work on Monday.

William Forbes will soon be riding around in a new Studebaker special Six.

OPENING ROUND OF BOWLING TOURNEY CLOSSES ON FRIDAY

Just two days remain to qualify in the bowling tourney on the Mattie & Duffy alleys. To date 8 men have qualified and when the 30 mark is reached plans will be laid for the elimination round which will precede play for the river trophy cup which is to be awarded the winner of the tournament.

Interest still continues high and several bowlers will make determined efforts to get in during the last two days. It is expected the elimination round will start on Monday.

Those who have qualified this week are W. Benny, 146; "Shorty" Roth, 124; Pete Bono, 156; Elmer Costa, 134; Harry Abrams, 130; Frank Briganti, 120; Charles Simonini, 132; C. Scofield, 135; Elmer Peterson, 153.

Are you well acquainted at home? Do your children know you well enough to come to you and ask you for advice or to seek your love and sympathy? Are you a "Dad" or a sort of combined Santa Claus and good fairy who arrives at home after dark and departs before daylight leaving always the necessities of life but failing to provide the guidance that the family needs?

If you live so far from your work that you leave home early and return late you are missing some of the joys that come from being a part of the happy home circle. Your family may respect you for a good provider and admire your dependability but you are scarcely thought of by them as being one of the circle.

Join your own family circle by moving your family closer to your work.

THE LIBRARY SITUATION

Action of the Board in Dismissing Librarian Stirs Popular Opposition

That the action of the Library Board in dismissing Mrs. Caroline Coffinberry after eight years of conscientious and efficient service does not meet with approval in many quarters is evidenced in the petitions circulated among and signed by many taxpayers, citizens and library patrons since the announcement of the change was first made.

The petitions have not yet been presented and there is still time for the Library Board to rescind its action. There are several good and sufficient reasons why it could well reinstate the librarian.

On the merits of this particular case it develops that Mrs. Coffinberry took the position when the library was first started and worked for years at a ridiculously small wage. She has worked faithfully during her eight years of service and has built the library to its present high state of service to the community. That her work has been generally satisfactory is attested by the number of the signers on the petitions asking her retention. During those eight years she has mastered the work of cataloging, book repairing, listing and the other elements of successful library work. She has trained herself so well that she can, at the question, tell whether a certain book is in the library, where it is and deliver it into the hands of the patron asking for it. Also, the library has become a real part of her life since she has helped to build it from nothing to its present size.

From the standpoint of library patrons the movement of the Library Board appears as unwise. From other standards also it does not appear as a good move. It is rare indeed that the library in any city is affected by a change in the administration.

The library, like the schools, is left pretty generally alone when its executives are performing their duties as they should.

It is recognized that certain sweeping changes are generally made when new parties take over the reins of government. It is questionable whether these changes should go so far as to disregard efficiency and ability in office. After all, good government means efficiency and ability in administration of the city's affairs and the dismissal of a public servant who has admittedly made good does not indicate that purpose.

The popular demand is for the retention of Mrs. Caroline Coffinberry in the post of librarian. While the board is considering her retention it should also consider steps for taking the library definitely out of politics to the extent at least that our schools are out of politics.

MAKE SCHOOL GROUNDS USEFUL

Utilizing of the school grounds by the children of the city as playgrounds during the summer vacation appears to be feasible because they are already equipped to some extent and the outlay for any additional equipment would be very small.

It has been pointed out by those interested in the park and playground situation and the problem of keeping the children from playing in the streets that it would be advisable to hire a high school boy or someone acquainted with playground work for the summer to supervise play and to keep the children interested. The cost would be small for the remainder of the summer.

In the matter of equipment it appears that slides and sand boxes for the tots, indoor baseballs and bats form the bulk of the needs. It is estimated the entire cost of a summer playground program this year would be well within \$300.

The expenditure of just that amount of money might save a life or prevent a child from being crippled for life because, as long as there is no other place to play children will play in the streets and while the streets are used by automobiles as well there is constant danger of accident.

DOLLAR DAY IS SUCCESS

Dollar Day was successful.

That is the statement of most of the merchants who offered special bargains for last Saturday. The idea while a new one was readily taken up by the housewives who made the most of the splendid bargains offered and indicated they would support a similar day each month.

After the day has been well established on a monthly basis it is expected that both the merchants and the housewives will profit by its observance.

TESTING THE ZONING ORDINANCES

The Case at Atherton Is Certain to Attract the Interested Attention of Many Cities in California

The state supreme court hearing of the case against George T. White, real estate dealer of Atherton, in which the constitutionality of the restrictive zoning ordinances of California cities is at stake, is certain to be watched with widespread interest by all progressive communities. While this paper is not in position to pass on the legal validity of the zoning law nor to discuss the merits of the special case at Atherton, we recognize that the nullification of these restrictive ordinances throughout the state would be a serious blow to the best interests of many cities.

The residential desirability of practically the majority of blocks of "best homes" in nearly every city has had its foundation in the operation of the restrictive building ordinances. It is such ordinances that have encouraged lavish investment in beautiful residences and gardens and other improvements by guaranteeing the permanency of appropriate surroundings. It is this guarantee that has kept up property valuations and thereby contributed, through taxation, to the financial welfare of the community as a whole as well as to the personal wealth of the home owners.

Nullification of the zoning ordinances would alter considerably any such condition, besides placing the future planning of all cities under a serious handicap. It is the restrictive building laws such as are represented in zoning ordinances that have furnished the basis of the work of city planning commissions.

AIR MAIL SERVICE

A Remarkable Delivery From Coast to Coast Is Now Possible for a Very Low Cost

Another notable step is taken today in the conquest of space as a barrier to swift communication between distant points, by the institution of permanent air mail service between New York and San Francisco. There have been experimental services of this sort instituted before, and these have been of importance chiefly for their prophetic significance. The announcement that the service begun today is to be permanent has an importance beyond calculation. Upon the basis of this assurance, many plans vitally affecting all kinds of interests—personal and public—will be revised and lifted upon a higher plane of efficiency.

While the fast coast-to-coast air service comes as a culmination of years of patient, hazardous and costly labor in the field of aeronautics, an impressive feature is the remarkable cheapness at which the service is offered to the public.

The rates are 8 cents for each ounce or fraction thereof between San Francisco and Cheyenne, Wyo.; 16 cents for points between Cheyenne and Chicago; and 24 cents for points beyond Chicago. Addition of special delivery stamps is suggested for mail consigned to towns which mail planes are scheduled to reach late in the day. Air mail may be registered upon prepayment of a registration fee of 10 or 20 cents in addition to the airplane postage.

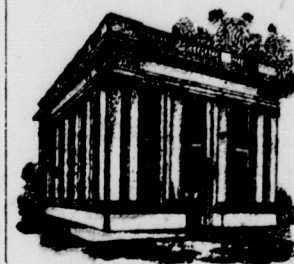

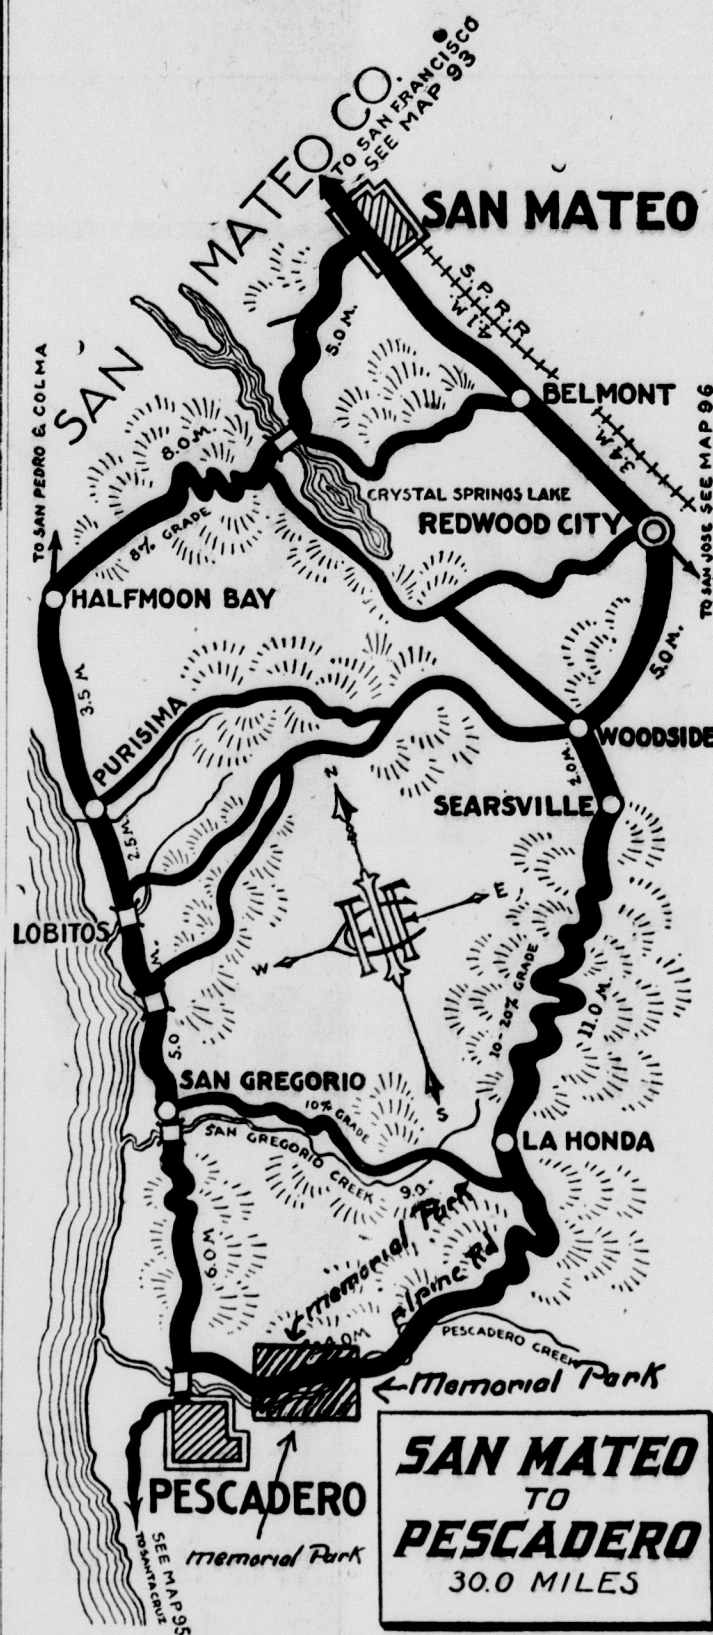

Any mailable matter will be carried by airplane, including sealed parcels not exceeding 50 pounds in weight and not exceeding 84 inches in length and girth combined, with postage at the rate of 8 cents an ounce or fraction thereof for each zone or part of zone in which mail is carried by plane.

LOCAL GIRLS ARE GOOD ATHLETES

Girls of South San Francisco were highly successful in competition with athletes of Northern California in competition in San Francisco last Sunday. They were organized just a few weeks before the contests by Miss Rue Clifford and Miss Bernice Farrell and their achievements were, therefore, more noteworthy than if they had had a long period of practice.

The movement by the above-named instructors to form a girls' athletic association is a worthy one from all standpoints and parents should encourage their girls to join in the movement for health-giving recreation.

CHAMBERS OF BAY REGION TO UNITE

Another step was taken Friday, June 27, to bring about closer relations among the several chambers of commerce in the San Francisco bay cities, when a committee named to draft a constitution and by-laws for the organization held a luncheon meeting at the commercial club. C. A. Simmons, manager of the San Francisco chamber, is chairman of the committee, and the other members are Otto Fischer of Oakland, who was represented at yesterday's meeting by W. L. Miller, manager of the Oakland chamber; J. Allison Brunner, San Leandro, and George P. Morell, Palo Alto.

The constitution and by-laws as prepared by the committee, will be reported back to J. R. Knowland, Oakland, temporary chairman of the organization, and then will be taken up by the full committee, which has in charge the plan to have closer ties exist between chambers of commerce.

DEALER ARRESTED

George F. Samwell, of Colma, fireworks dealer and manufacturer, was arrested on last Thursday by Sheriff T. C. McGovern, and charged in the justice court with violation of County Ordinance No. 285, which prohibits the sale or use of fireworks in San Mateo county.

Samwell has retained Hugh L. Smith as counsel and will contest the legality of the ordinance. The date for the hearing has not been set, according to Judge Ed. Farrell.

COMMERCIANTE ARRESTATO

Il Signor George F. Samwell, di Colma, venditore di fuochi artificiali, venne arrestato Martedì scorso dallo Sceriffo T. C. McGovern ed accusato nella corte di giustizia come violatore dell'ordinanza 285 della contea di San Mateo cui proibisce la vendita di fuochi artificiali.

Samwell ha ritenuto Hugh L. Smith come consigliere e contestera la legalità dell'ordinanza. La data del processo non ancora è stata fissata, come dice il Signor Giudice Ed. Farrell.

DEMURRER FILED

A demurrer has been filed by Attorney John D. Willard on behalf of Dr. C. M. Decker, made defendant in a suit for the recovery of a set of artificial teeth and \$150 damages, by Mrs. Josephine Mirata.

The date for the hearing will be set, with the consent of the attorneys, for some time in the middle of this month, before Justice of the Peace Ed. Farrell.

RIQUESTO D' INDENNITA

Una indennità per \$150 è stata presentata dall' Attorney John D. Willard a favore del Signor dottore C. M. Decker, per il ricovero di detta somma ed una dentiera artificiale a carico della Signora Josephine Mirata.

La data del processo sarà fissata dagli avvocati, forse durante la metà del mese corrente, d' avanti al Giudice di Pace Ed. Farrell.

BASEBALL SEASON TO OPEN

Opening the season in the newly organized Enterprise Ewilight Baseball League the teams of the Western Pipe and Steel Company and the Western Meat Company will play on the grounds opposite the Western Pipe and Steel Company on "San Bruno" road next Wednesday afternoon at 5 o'clock. Four teams are represented in the new league, which will play

throughout the summer months. They are: Western Meat Company, Western Pipe and Steel, Metal and Thermit, and the Enterprise Foundry. The last two named teams will play Tuesday afternoon on the same grounds at the same time.

It is expected that four more teams will be added to the league during the second week of play. Trophy cups, medals and other awards will be made to the successful teams and players.

STAGIONE DI BASEBALL

Apprendo la stagione nella nuova Enterprise Ewilight Baseball League, il gruppo della Western Pipe e Steel Company e la Western Meat Company giuocheranno sul terreno di fronte alla Western Pipe e Steel Company nel San Bruno road Mercoledì dopo pranzo alle 5.

Quattro gruppi saranno presenti nella New League che giuocheranno durante l'estate. Essi sono: Western Meat Company, Western Pipe e Steel, Metal e Thermit, e la Enterprise Foundry. I due ultimi gruppi giuocheranno Giovedì dopo pranzo sullo stesso terreno e nelle stesse ore.

Si spera che altri quattro gruppi saranno aggiunti alla lega durante la seconda settimana di giuoco. Trofei, medaglie ed altri premi saranno dati al migliore gruppo di giuocatori.

A Water-Proof Drain Board!

WHAT a comfort it is to have an attractive wood stone, or painted drain board, which is not affected by hot water! And it is within the power of every housewife who longs for this kitchen convenience to have it! She has merely to apply BASS-HUETER Versatile Spar Varnish.

With equal satisfaction this varnish can also be used on floors, linoleums, furniture or woodwork. Versatile Spar resists hot or cold water and withstands a vast amount of really hard wear and tear. Best of all, under favorable conditions, this varnish dries over-night! Full instructions for using are on every can, and when followed, insure success.

GOODYEAR TIRE DEALER EXPLAINS THEIR MAKING

"There's a good deal more to a tire than just the rubber and cotton fabric in it. But a lot of people don't know or else don't realize it," says Ed Brawn, Goodyear dealer in this city.

"Besides the engineering skill required to make a tire mechanically capable of meeting the demands of service under which it will be run, there's the chemistry of tire building to be taken into consideration.

"Everyone who has thought about it knows that the rubber in a rubber band is different from that in a tire or a rubber heel or battery. The reason for the difference lies in the compounds used. Compound formulas have to be worked out very carefully to meet the exact usage required—the exact degree of resiliency or of strength or whatever characteristic is needed.

"Goodyear uses between 40 and 50 compounding ingredients in the manufacture of its rubber products to give them life and wearing quality. Last year this company used more than 26,000 tons of various compound ingredients and about 350 tank carloads of liquid solvents. The whole lot would make a trainload 12 miles long.

"These products come from all over the country. There is sulphur, the ingredient added by Charles Goodyear, the inventor of the vulcanization process of rubber. It keeps vulcanized rubber in a permanent physical condition which is not affected by heat or cold.

"Zinc oxide is another important ingredient. It adds to the volume of the rubber and strengthens the tire's resistance to abrasion. It comes from New Jersey or Tennessee. Carbon black or soot from natural gas also has the same properties. This product comes from West Virginia, Kentucky, Oklahoma, Wyoming and Montana.

"Georgia and Missouri furnish an alumina clay which is used to make pigments; fibrous asbestos comes from New York; asbestos fibre comes from Quebec, Canada and Georgia and Missouri furnish barium sulphate. Carbonate of magnesia comes from Pennsylvania.

"Adding to these lime, lead, in the form of lithopone and talc, graphite, asphaltum and gilsonite, petroleum, aniline oil and gasoline and the other solvents, it is plain that a tire is far more than a combination of rubber, cotton and a tread design."

SWART RE-ELECTED SECRETARY OF ASS'N OF DISTRICT ATT'YS

Similarly honored for the 12th consecutive year, District Attorney Franklin Swart of San Mateo county has again been elected secretary of the California State District Attorneys' Association, which convened last week in San Diego, according to information brought back by Swart upon his return from the convocation.

While other officers of the association have passed in rapid succession, Swart has continuously been re-elected to his position.

USED CAR GAME NOW ABOVE HORSE TRADER BASIS

The Motor Sales Company is showing a very complete line of high grade used cars this week at both the San Mateo and Burlingame stores, according to Ed Brawn, local salesman. This special showing is occasioned by the large number of deliveries of new cars last month and the large number of car owners who have been convicted by the message of Studebaker.

The used car business of this firm is built on the old adage of the C. N. Weaver Company, that "a good used car is a far better buy than a cheap new one."

Used cars accepted in trade for new Studebakers are taken in at a price that is consistent with their condition, and the buyer of these cars is assured that they are priced right, reconditioned and guaranteed being taken into consideration.

The ordinary used car purchaser is not used to considering that he has any protection on the quality of his purchase, but Motor Sales Company believes that the average buyer would much prefer to have the dealer stand behind the sale. To this end, every Motor Sales used car buyer may depend upon the quality of his purchase, and know that the entire service department is at his disposal.

The item of economy enters into the consideration of an automobile and it is a proven fact that the most economical purchase is that of a good reconditioned used car of high grade standard make. The unavoidable new car depreciation is removed from this purchase, and at the same time the serviceability, comfort and pleasure derived is the same.

And, if the used car is properly turned out, the customer will be assured of the same type of service he is entitled to expect from a new car of much higher price than his used car purchase.

The argument is a sound one, and dealers who will really sell to the public a quality used car in good shape are giving them a real dollar's worth of value for every dollar invested.

Standard used car prices are so stabilized as to make the dealer appraise a used car at a price fair both to the original owner and the new buyer. It is no longer a horse-trading proposition, for the motor car industry is far too big to be built or to endure on any such basis.

of secretary, without opposition. District Attorney Ezra Decoto of Alameda county was named president of the association for the coming year, Swart reports.

The prosecuting attorney expressed the view that the San Diego convocation was the most successful and beneficial of any in the history of the district attorneys' state body. Approximately 50 California counties were represented, he stated, either by their district attorney or a deputy district attorney.

Santa Cruz was selected as the meeting place for next year's convocation, Swart aiding in the fight to bring the convention to central California.

TEN MILLIONTH FORD PASSES THROUGH OHIO

Bearing a written message from Mayor Hylan of New York to Mayor Rolph of San Francisco, the Ten Millionth Ford car, heading westward on its transcontinental trip over the Lincoln highway, is somewhere in the state of Ohio.

From New York to Philadelphia, and then out toward the setting sun, the Ten Millionth was accompanied by many other Ford cars sent out by dealers along the way to do honor to this historic member of the great Ford family.

The start from New York was auspicious. Proceeding from the Ford Motor Company branch at 1710 Broadway, about 10 a. m. June 16th, the car went directly to Times Square. Its arrival immediately attracted thousands of passersby on the famous thoroughfare. J. Newton Gunn, president of the Lincoln Highway Association, was present and officially started the car on its trip to the west coast.

Leaving Times Square the Ten Millionth Ford proceeded to the ferry crossing to Jersey City, where dealers of that metropolis were waiting to greet it, and extended to it a big welcome. The trip down through New Jersey was a continual and triumphant procession, Ford dealers of each city joining with others in escorting it along the way.

The car is being sent across the country in celebration of 10,000,000 production by the Ford Motor Company and will arrive in San Francisco July 28th.

CHRYSLER RANKS HIGH ON STATE AUTO REGISTER

Just how popular the new Chrysler Six is proving is carried out in the California automobile registration figures for the month of May, which have just been released. These figures are rather startling as they show the Chrysler, a comparative newcomer, in twelfth place in total registrations with a total of 219 cars delivered.

When it is considered that Chrysler is the ladder of popularity is all the more remarkable. March figures showed the Chrysler in thirty-fourth place with 31 deliveries in the state; April showed it in nineteenth place with 134 deliveries, and, as before stated, May shows this instantly-accepted newcomer in twelfth place.

"Such complete capitulation of the public to a new car has been unheard of before," said Ed Nolan, local Chrysler dealer. "In the past it has been a long, slow process for a new car to gain acceptance by the public. When you consider that the Chrysler has leaped into instant favor with the buying public you realize a new kind of car has been built. The registration figures show the Chrysler out-selling cars that have been on the market for years, and a number of the really low-priced cars that have been volume sellers. Nor is this popularity confined to California. The Chrysler factory is producing 160 new cars a day and actual orders on hand run several weeks in advance. The Chrysler is one of the very few factories in Detroit which has several departments running on a 24-hour-per-day schedule.

ECONOMY IS A BASIC PRINCIPLE OF DODGE PLAN

The used car and its relation to the automobile trade and what to do with it has been claiming the attention of everyone in the business from manufacturer down, for the last two or three years. It has even become a problem to the owner because of the depreciation representing a loss in investment to the driver of the car.

The Latest Phase
In commenting on the latter phase of the used-car problem, F. M. Terribilini, local Dodge salesman, remarked: "Dodge Brothers policy of retaining the same basic design year after year without making radical annual changes to stimulate sales through the appeal of a new model has very definite advantages for the owners, as well as dealers.

"Peculiarly, too, the advantages to the owners are the same for the dealers.

"Because of this policy a Dodge Brothers car can be driven over a period of years, to the full extent of its usefulness, and still retain a modern appearance. The large item of depreciation, due to models becoming obsolete yearly, is eliminated. Cost of replacement parts is materially reduced. Even in manufacturing, an appreciable saving is made which is passed on to the user in the form of better value.

Longer Driving Period
"Few people drive the car they purchase new to the full extent of its usefulness. Because of Dodge Brothers' policy of not making yearly models, we find that Dodge Brothers owners as a class have a tendency to drive their pur-

NEW DRIVE LOOMS ON GLARING AUTO LIGHTS IN STATE

SACRAMENTO, July 2.—Another campaign to rid the highways of California of the menace of glaring headlights will be undertaken by the traffic officers of the division of motor vehicles, beginning Monday, July 7. Announcement has been made by Chief Will H. Marsh that the campaign will continue all through the month of July and "for some time thereafter unless people driving with dangerous lights get off the highways or have them fixed."

Records of the division show that since the campaign against the glaring headlight was launched on May 1, nearly 40,000 violators have been caught and given citations ordering them to adjust their lights. Chief Inspector C. K. Harder says, however, that there are thousands of drivers still on the roads who are violating the law and points out that a check made several weeks ago indicated that 60 per cent of all drivers had lights that did not comply with regulations.

When the campaign opens the officers will patrol the highways for a time every evening and will stop all violators. Such drivers will be given a card ordering them to have their lights adjusted at an official adjusting station and then make a report to the local officers.

Chances for a longer period, because of the modern appearance of the car even after it is several years old. One thing that enables them to do it, is the fact that replacement parts are still low priced, because there have been no yearly models using entirely different parts succeeding the car they drive."

Good Service—Good Will

THIS company cherishes the good will of its customers and the public.

Such good will is fostered by a general understanding of the company's problems and of its relations with the public.

Your principal points of contact with the company are the service you get and the rates you pay.

What the public wants in the way of electric power service is plenty of current, served without interruption at the lowest rates consistent with good service.

California utilities are strictly regulated with respect to rates, financing and service by the public through its Railroad Commission.

California enjoys the best service and the lower rates. That is why California has become a great industrial state. That is one reason why life in the city and on the farm has become so much more comfortable in California.
